President R.A.Falconer,
University of Toronto,
Toronto, Ontario.

Dear Sir:

The 26th annual meeting of this Society will be held at Northwestern University, June 26-29, 1918. We should be glad to have the name of your delegate not later than June 1st, if possible.

This meeting comes when we are in the midst of a great war. Most of us have so many additional duties that it seems hardly possible to take time to attend such a meeting to say nothing of taking part. However, the government has made extensive demands upon engineering schools and they are meeting these in a way that is worthy of their past history. Surely much benefit can be derived by the schools as well as by the members of the faculty if we gather for a few days and discuss the problems which now confront us.

Very truly yours,

F. L. Bishop

Secretary.

Mr. F. L. Bishop,

University of Pittsburgh,

Pittsburgh, Pa.

Dear Sir:

I am afraid that owing to the great demands that are now being made upon us in connection with various kinds of war work it will be impossible for us to send a delegate to the meeting of the Society for the Promotion of Engineering Education at the end of June.

I am,

Yours sincerely,

President.
